1. On 14 June, the IAC deferred action on Draft DCID 3/6 (IAC-D-81/9) pending receipt from the Scientific Estimates Committee of a report on how the objectives of the draft could be met by SEC, and an evaluation of current Air Force efforts in the field of guided missiles intelligence (IAC-M-200, item 3f).
2. The report of the SEC is attached.
3. Please note (para. 8) that the views of the Economic Intelligence Committee are not included in this report. These will be circulated under separate cover prior to IAC reconsideration of Draft DCID 3/6, if possible, at its 12 July meeting.
